

Sec. 4. The above allocations and any sums otherwise appropriated shall be set aside for the purposes herein or otherwise provided, and all remaining unallocated and unappropriated balances now in the "Children's Assistance Fund" shall be transferred from this fund to the "General Revenue Fund".

Sec. 5. All laws or parts of laws in conflict with the provisions of this Act are hereby repealed.

Sec. 6. If any Section, subsection, paragraph, sentence, clause, phrase, or word in this Act, or application thereof to any person or circumstance is held invalid, such holding shall not affect the validity of the remaining portions of this Act, and the Legislature hereby declares it would have passed such remaining portions despite such invalidity.

Sec. 7. The fact that there is accumulated approximately Seven Hundred Thousand Dollars (\$700,000.00) in the "Children's Assistance Fund" which because of Constitutional limitations can not be used for this purpose; the fact that the problems of juvenile delinquency and child neglect require increased funds for Child Welfare Services in Texas; the fact that these funds can be provided for the next biennium from this reserve without requiring additional revenues and enabling the remaining balance to be transferred to the "General Revenue Fund"; and the further fact that the Finance Committee of the Senate and the Appropriation Committee of the House are presently considering, and both Houses of the Legislature are almost ready to consider, an appropriation for Child Welfare Services, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and said Rule is hereby suspended, and that this Act shall take effect and be in force from and after its passage, and it is so enacted.

Passed the Senate, April 24, 1945: Yeas 21, Nays 7; passed the

House, May 18, 1945: Yeas 117, Nays 1.

Approved May 24, 1945.

Effective May 24, 1945.

## GENERAL PROVISIONS

Sec. 2. For the purpose of partially paying the amounts of the items specified herein for the Austin State Hospital, State Orphans Home, Texas School for the Blind, and Texas School for the Deaf, there are hereby appropriated the interest on all securities held by these several institutions, and any balances remaining at the end of any fiscal year in the Available Lunatic Asylum Fund, Available Orphan Asylum Fund, Available Blind Asylum Fund, and Available Deaf and Dumb Asylum Fund; and said interests and balances shall be transferred by the State Comptroller and State Treasurer to the General Revenue Fund, either annually or semiannually. Properly to permit these transfers there are hereby appropriated out of the General Revenue Fund to the said respective available funds as appear due to said funds Fourteen Thousand, Three Hundred and Fifty Dollars (\$14,350) for interest accruing in the fiscal year ending August 31, 1946, and for the same purpose the sum of Fourteen Thousand, Three Hundred and Fifty Dollars (\$14,350) for interest accruing in the fiscal year ending August 31, 1947.

Sec. 3. The expenditure of the appropriations herein made shall be subject to the following provisions:

Annual Reports. (a) A report shall be made annually by the superintendent or head of each institution and filed with the State Comptrol-

ler, and a copy with the Board of Control before November the first after the close of each fiscal year, giving an itemized statement of all moneys expended and the particular appropriation or fund from which said money was expended, including an itemized statement of all purchases or outstanding contracts remaining unpaid at the close of the fiscal year; also a statement showing the full amount of money received from all sources and any balances.

(b) The head of each institution or agency shall keep a record of the absences of the various employees, the reasons therefor, whether from sickness, vacation or leave of absence, and incorporate this information in the institution's regular annual report made to the Board of Control.

**Printing and Stationery.** All printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by said Board, except certain printing provided by law to be done by several of the State institutions. No embossed or engraved printing and stationery shall be purchased.

**Postage Stamps.** None of the money appropriated herein for postage stamps shall be spent except on warrants or checks made payable to a United States Post Office and the warrant or check shall be endorsed by the Postmaster from whom the purchase is made.

If the expenditures for postage stamps exceed Twelve Hundred Dollars (\$1200) for any one year, each institution shall install a Postage Meter Machine. The installation cost and rental of said machine shall be paid from the support and maintenance fund of each institution.

**Vacation Allowance.** Vacation of not exceeding twelve (12) working days may be allowed all of the twelve-month officers and employees provided for in this Act.

**Traveling Expenses.** None of these appropriations may be used for traveling outside of the State of Texas without the advance written consent of the State Board of Control, except in adjoining States in deporting non-resident inmates and returning escaped inmates to institutions. Otherwise, the State Comptroller shall apply the same rules to the approval and payment of traveling expenses of all employees as he applies to such expenses of the State Departments. Superintendents' trips shall be authorized by the Board of Control.

Except as herein otherwise provided, no money shall be expended for travel expenses except that specifically appropriated for said purpose; provided this limitation shall not apply to travel and transportation expenses of patients, inmates and Alabama-Coushatti Indians, of Indian Reservation, and institutional employees' travel in connection with patients, inmates, pupils and Alabama-Coushatti Indians, including returning escapees, transfers, paroles, and placements of inmates and patients and transportation and travel expense of conveying Indians to and from United States Indian hospitals in Oklahoma and other hospitals or clinics in Texas, of Board of Control employees whose salaries are paid from institutional funds, and of institutional superintendents and the Indian Agent, wherein specific amounts are omitted from the itemized appropriations; and such travel and transportation expenses may be paid from support and maintenance appropriations and/or local institutional funds.

Unless otherwise specifically provided herein, it is provided that any officer or employee who travels on official State business and who uses his own car while so doing shall be reimbursed for the use of said car on the basis of the total mileage traveled during any calendar month at the following rate: five cents (5¢) a mile for the first thousand miles traveled, four cents (4¢) a mile for the second thousand miles traveled,

three cents (3¢) a mile for the third thousand miles traveled, and two cents (2¢) a mile for each mile traveled in excess of three thousand (3,000) miles. Before the Comptroller shall issue any such warrant for reimbursement, the said officer or employee shall file an affidavit with the Comptroller showing the point of origin and the point of destination of his trip and the mileage actually traveled. If the Comptroller is of the opinion that said officer or employee did not take the shortest practical route to the point of destination and return the Comptroller shall have the authority to compute the mileage of the shortest practical route between the point of origin and destination and return, and he shall issue his warrant in reimbursement therefor on the basis aforesaid.

**Additional Employees' Compensation.** When a necessity exists for additional help at any of the eleemosynary institutions the Board of Control shall first give to the superintendent its written approval and consent for such employment, and such help may be paid out of any local institutional receipts, including pay-patients funds, or out of repair and improvement appropriations. When any additional employees, other than those for which specific salary appropriations have herein been made are employed, and are to be paid out of said non-salary appropriations or any other funds, such employees shall not be paid larger amounts than those provided in the specifically appropriated salaries for similar positions in such institutions or agency, and in the event there are no similar positions within such institution, then such additional employees shall not be paid larger amounts than those provided for similar positions in other State institutions, departments or agencies. In the event laborers, skilled laborers and mechanics cannot be obtained at the above mentioned salary scale, then the heads of such institutions may pay for temporary employment only not exceeding the prevailing wage scale paid in the localities where the temporary service is to be rendered.

No additional employees may be hired without the written consent of the Board of Control.

**Audits.** None of the appropriations herein made shall be used for employing any firm, corporation or person, excepting persons regularly and continuously employed by the institutions or the State Board of Control, to audit said institutions and agencies provided, however, that if, in the judgment of the head or managing officers of any of said institutions or agencies, additional auditing is necessary and the State Auditor shall not have sufficient funds in his appropriation to make such audits, then the head or managing officers of any of said institutions or agencies may direct the State Comptroller to transfer in lump sum and add to the appropriation made for the State Auditor the amount necessary for the State Auditor to make such audits.

**Tuberculosis Sanatoria.** None of the money herein appropriated for the State Tuberculosis Sanatoria shall be used to treat any person who has not been a resident bona fide citizen of Texas for at least three (3) years; this provision shall not apply to any child born in the State of Texas.

**Perquisites of Employees.** (a) When it is provided that the family of a superintendent, officer, or employee of any of the said institutions, are permitted to live at said institution, and are to be furnished with board, fuel, lights, laundry, water, housing, or any of said items, the word "family" shall be construed to mean the immediate family of said superintendent, officer, or employee, including himself, wife and legally dependent children. The Board of Control may authorize one of the cooks provided in the Act to be assigned to the Superintendent's quarters.

(b) Under written direction of the Board of Control all employees may receive board, room and laundry, except when otherwise limited.

(c) In these appropriations the Legislature has provided a fairly uniform scale of salaries for similar services throughout the institutions without, however, differentiating in the amounts to be paid employees receiving, and those not receiving room, board and laundry from the State; and to prevent inequalities in salaries to those employees not receiving any or all of such perquisites it is provided that the Superintendent, upon the written approval of the Board of Control, may adjust such employees' salaries out of the respective support and maintenance appropriations by not exceeding Twelve Dollars (\$12) per month each.

Salaries and other General Provisions. (a) All annual salaries shall be paid in twelve (12) equal monthly installments except as otherwise herein provided.

(b) No position with a fixed salary shall be supplemented or be paid more than such specific amount out of any other funds belonging to said institution or the State; provided, that this language shall not be construed to prevent promotion or the transfer of one employee from his or her position to another position which provides a different salary, but it is specifically made the duty of the Superintendent, to transfer employees to other positions when it is possible to secure more efficiency. No salary shall be paid to any person unless such person actually discharges assigned duties. Provided that any vocational instructional positions at the eleemosynary institutions conducting schools may be partly paid or supplemented in amounts approved in writing by the Board of Control out of Federal or State appropriations or allocations made through educational agencies.

It is provided, however, that the Superintendents of said institutions under the direction and upon the written approval of the State Board of Control shall be authorized to make such changes and substitutions of any amounts appropriated for maintenance, miscellaneous items, general repairs and improvements, excepting new buildings, as may be found necessary.

(c) Each of said institutions is hereby allowed from its support and maintenance or other appropriations a small revolving or petty cash expense fund not to exceed, at any time, Two Thousand Dollars (\$2,000) at the larger institutions, for the purpose of making emergency payments and purchasing perishable products, and the amount allowed each institution shall be certified by the Board of Control. Also each institution operating small stores, industrial or occupational departments, including the Dairy Products Plant at the Austin State Hospital, are hereby allowed revolving cash expense funds out of the respective institution's industrial or occupational deposits or receipts for the purpose of making emergency expenditures necessarily incurred in connection with the institution's industrial, occupational and other necessary activities, in amounts not to exceed Three Thousand Dollars (\$3,000) at the larger institutions except not exceeding Six Thousand Dollars (\$6,000) at the Austin State Hospital's Dairy Products Plant, and not to exceed One Thousand Dollars (\$1,000) in the smaller institutions, the amount of such purposes to be certified by the Board of Control.

(d) In order that better trained and more capable physicians may be secured and retained in the State service, the superintendents of State mental hospitals, with the Board of Control's approval, may classify the physicians on the staff as "senior" and "junior" physicians; "junior" physicians shall be those entering the service without previous experience on State mental hospital staffs; "senior" physicians shall be those who have had two (2) or more years such experience; the salaries of these physicians shall not exceed the amount in the appropriated items, with other emoluments provided, and shall not apply to physicians with

administrative and other duties whose salaries may be specifically appropriated for larger amounts.

The use of railroad scrip books and other forms of transportation provided at the expense of the State are hereby prohibited, and hereafter all railroad and other transportation shall be paid in cash and properly listed in expense accounts rendered. Tax exemption certificates for transportations shall be used in all cases where the State is exempt from the payment of Government tax under Federal provisions, and such State official or employee shall be required to obtain such tax exemption certificates from transportation company before incurring the expense, and shall not be entitled to a refund of same on his expense account.

No moneys herein appropriated shall be spent for the purchase of a passenger car having a wheelbase in excess of one hundred and seventeen inches (117").

Revolving Fund and Institutional Receipts. (a) No property belonging to any of the institutions shall be sold or disposed of without the consent of the Board of Control; and all proceeds from the sale of any such property, from labor performed, from the sale of crops and pay-inmate receipts, shall become and are hereby appropriated as a maintenance or contingent fund to be expended under the direction and upon the approval of the State Board of Control. The State Board of Control is hereby authorized to use out of the proceeds of said receipts and funds such amounts as they shall deem necessary for the support and maintenance of said institutions, including the purchase of equipment and materials for the entertainment, diversion, or therapeutic improvement of the patients and inmates; needed hospital or institutional furniture and equipment, supplies, materials, repairs, improvements, including small buildings and contingencies; and a complete statement of all such transactions shall be made in the annual reports of said institutions. The industrial and small store receipts and funds of said institutions, including those of the Austin State Hospital Dairy Products Plant, are hereby appropriated for the support, maintenance and operation of said enterprises and such receipts and funds may also be used as an institutional contingent fund under the direction of the Board of Control. Any balances remaining to the credit of any of said institutional local funds at said institutions or in the State Treasury at the end of any fiscal year are hereby reappropriated for the above mentioned purposes for each year of the biennium.

(b) Upon the approval of the Board of Control, said institutions may make just and properly due refunds of any advance payments made on behalf of pay-inmates out of the pay-inmate receipts or funds; and the Board of Control is allowed, and there are hereby appropriated out of said funds not exceeding Seven Hundred and Fifty Dollars (\$750) per year for traveling expenses to be used by the Board of Control in connection with the collection of pay-inmate charges and institutional supervision. Refunds to patients for unused advance payments may also be made out of cash revolving funds, if directed by the Board of Control. There is also appropriated to the State Board of Control out of any institutional receipts or funds such amounts as may be necessary for traveling expenses and for salaries of a chief of the Division of Eleemosynary Institutions provided for in Article 690 of the Revised Civil Statutes of 1925, and other necessary help; provided the amounts paid for such services shall not exceed the remuneration fixed for similar services.

Employment of Aliens Prohibited. It is hereby provided that none of the moneys herein appropriated shall be paid for salaries or wages for a longer period than three (3) months to any persons who are not citizens

of the United States, unless naturalization proceedings have been instituted.

**United States Aid.** The Board of Control, within their discretion, may take advantage of and accept any aid extended by the Federal Government for buildings, improvements and repairs at the eleemosynary institutions; provided, however, that in taking advantage of or accepting any aid extended by the Federal Government, the Board of Control shall not incur any indebtedness which would necessitate a supplemental or additional appropriation out of the General Revenue Funds of this State; and provided further, that in taking advantage of and accepting any aid extended by the Federal Government the Board of Control shall not deplete any of the funds herein appropriated to the several institutions to an amount which would necessitate a supplemental or additional appropriation out of the General Revenue Fund of this State to replenish said fund or funds.

**Alabama and Coushatti Indians.** The expenditure of all money herein appropriated for the welfare of the Alabama and Coushatti Indians in Polk County, and all employees therefor, shall be under the supervision and appointment of the State Board of Control.

The Board is also authorized to cooperate with the Federal Government on any Federal projects proposed for improving the educational and economic conditions of said Indians.

The Board of Control is hereby authorized to negotiate purchases of commodities and supplies of any kind, or character, whatsoever, needed in eleemosynary service, with the duly authorized agencies of the Federal Government; provided, however, that such item, or items, so purchased will be obtained at a price not to exceed the prevailing market value thereof, and if there be no value, then at the real, or intrinsic, value; and it is further provided that the State Board of Control is authorized to waive the requirements of bidder's bond and performance bonds otherwise required, in dealing with the duly authorized representatives of the Federal Government.

The State Board of Control is hereby authorized to transfer any money in any funds appropriated, or local funds, of any eleemosynary institution, to any other eleemosynary institution where such transferred fund, or funds, are not needed in the institution from which either, or all of said fund, or funds, may be transferred; except any such fund, or funds, as may be appropriated for new construction and further provided that all such fund, or funds so transferred, may be used only for the purpose of purchasing food, clothing, and medicine for the wards of the State, or of affecting acutely needed repairs, or for the purchase of beds, bed clothes, and linens needed in dormitories.

The State Comptroller of Public Accounts is hereby directed to make transfer of the fund, or funds, from either, or all of the aforesaid accounts from one institution to another, upon written request therefor, by the Board of Control, concurred in by the Governor.

Salaries of such employees are not to exceed those paid in similar institutions for the same or similar work.

It is hereby further declared unlawful for any person authorized to use a State-owned automobile in connection with any business of the State, to use such automobile in connection with any campaign in which such institution is directly interested, or in behalf of the campaign for re-election of any head of any department, and/or in any other manner, time or place than when such automobile is being used in the interest of and for the purpose of carrying out institutional State business. Any person violating this Section shall, upon final conviction, be subject to a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200). In the event such use of such automobile is being made with the knowledge of the head of any institution, having charge of such automobile, then such head of such institution shall also be liable to punishment in a fine of not more than Two Hundred Dollars (\$200).
